## **DETAILED ACTION**

### ***Election/Restrictions***

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 16-30, drawn to a component placement device.

Group II, claim 31, drawn to a nozzle exchange device.

Group III, claims 32-34, drawn to a method for the exchange of nozzles.

2. The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group I lacks the at least one nozzle exchange element of Group II and a second nozzle and/or nozzle exchange device of Group III. Group II lacks the passage is in fluid communication with the duct of Group I and a second holder and/or camera means of Group III. Group III lacks the passage is in fluid communication with the duct and/or a holder having separated grooves of Group I and the at least one nozzle exchange element of Group II.

3. A telephone call was made to Richard C. Peet on January 30, 2008 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not

distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
